Re: **PAINTING OF SCHOOL NAME AND SCHOOL ID ON THE SCHOOL ROOF**

Date: 29 July 2016

1. With the typhoons we have experienced in the past, we are intensifying our campaign for school disaster preparedness. As such, all public schools are hereby mandated the need to have their school name and school ID painted on roof.
2. The painting is important information on the roof of our school main building or tallest building will be of great help during monitoring process both of local and national officials during disasters. During aerial monitoring, it would be easier to identify schools hardly affected or hit by disaster, thus we could network easily to other agencies for assistance.
3. Attached is the sample of painted school ID and school name for your reference.
4. Immediate dissemination of and strict compliance with this Memorandum is hereby directed.
