DR. LORNA G. BUGAYONG, CESO VI  
Schools Division Superintendent  
School Division Office  
Dagupan City

Dear Dr. Bugayong,

The Department of Health has declared the National Epidemic Alert on Dengue last August 6, 2019. The DOH is encouraging all Local Government Units and other government agencies to intensify the campaign of the 4S against Dengue, namely: *Search and destroy possible breeding grounds for mosquitoes; Seek early consultation; Self-protection measures like wearing long pants and long sleeves shirt or blouses; and Support fogging/spraying when there is an outbreak.* We are all aware that there are Dengue cases in Dagupan City. From January 1 to August 6, 2019, we have 106 cases.

Since school children are the most commonly affected by the disease, we intend to conduct series of lectures in the different public and private schools in Dagupan City to increase awareness on the 4S against Dengue among them. In this regard, may we request permission that we be allowed to conduct the lecture. Request further for your endorsement to the different school heads.

Thank you very much for your usual support and cooperation.

God bless.

Very truly yours,

OPHELIA T. RIVERA, M.D., M.H.S.A.  
City Health Officer II
