

## Hallmark of Progress

**T**he recent emergence of the Covid 19 has brought changes in the academic landscape that call for a more resolute adaptation to the 'new normal'.

SDO Dagupan City has started exploring more sustainable responses that targeted the success of the Basic Education Learning Continuity Plan in accordance with the Deped Secretary Leonor M. Briones' statement, "Education must continue, whatever the changes and even dangers we confront now and in the future."

However, the strongest impact of COVID-19 arises from the prerequisite to practice strict physical distancing in order to prevent its spread. Despite the limited social contacts, members of the department continuously find ways for learning to continue amidst the threat brought by COVID-19, without compromising the health, safety and well-being of all stakeholders of the organization.

### The Birth of E-publications

In this challenging season, the role of technology is much needed to successfully communicate the department's directives and updates among all its members. SDO Dagupan City acknowledges the progressive role of technology in education even before the onset of the pandemic, yet COVID 19 has brought surge in usage of digital technology.

This extraordinary circumstance gave birth to the SDO Dagupan City's e-newsletters. Utilizing e-newsletters during the pandemic was the brainchild of the Assistant Schools Division

Superintendent, Madam Ma. Criselda G. Ochang which was upheld by the Schools Division Superintendent, Sir Aguedo C. Fernandez.

The Preceptors' View, the e-newsletter in English is inclined to cover and share more invigorating and inspiring contents. Aside from being informed, members of the department must also be inspired in order to lighten the serious impact of the pandemic in the workplace.

### The Preceptors' View's Masthead

The e-newsletter's masthead was designed as simple as it seems, yet full of meanings. The choice of colors and the positioning of the logo have their own connotations:

Yellow symbolizes freshness, positivity, clarity, optimism, enlightenment, honor, loyalty and joy. Dark Blue is often associated with depth, expertise and stability.

At the center, is the logo of SDO Dagupan City. This means that the e-newsletter focuses on the events, achievements and updates of the division.

With the symbols and meanings that the English e-newsletter upholds, the Preceptors' View will bring relevant, interesting and valuable information that will educate and delight the readers despite the havoc that the pandemic has wrought. Amidst this adversity, stories of compassion, resilience and feats will be widely known.

The existence of the Preceptors' View is a sign of progress amidst pandemic for it closes the gap in communication brought by social distance.
